ABOUT ME

I am studying Electronic Engineering, Telecommunications, and Information Technologies at the Politehnica University of Bucharest.

As a person, I am friendly and passionate about technology and innovation.

I dream and work to become a front-end or back-end developer due to my knowledge of HTML, CSS, JavaScript, Python, Django, and Photoshop.

I like to take every error as a big challenging task that will make me become the best.

PROJECTS

My website

My website contains useful information about me. I used HTML, CSS and Javascript. To run the website click on the "welcome.html" file.

Four in a row

My first game made with HTML, CSS, Javascript and jQuery. You have to make a sequence formed by 4 consecutive circles(horizontal, vertical, diagonal). Open the file named: "Part3_FrontEndProject.html" to launch it.

WORK EXPERIENCE

[09/2021 – 10/2021]

Delivery driver

Bringo

City: Bucharest

Country: Romania

My first job experience took place in 2021. For a month, before the academic year started, I wanted to work, to produce money and to use my time in a proper way, without wasting it.

So, starting from the 1st of September 2021 until the 1st of October 2021 I worked as a delivery boy At Bringo. My tasks were to deliver products from hypermarket and stores to people.

MANAGEMENT AND LEADERSHIP SKILLS

Leadership skills

I can say about myself that I have leadership skills because I've always motivated my teammates to be at their best. For example, I love watching and playing football. I've always played for the team and I focused on my team to win the game, not just on me scoring goals.

COMMUNICATION AND INTERPERSONAL SKILLS

Communication skills

I can say about myself that I have communication and interaction skills. I always liked a conversation with a person that I've just met.

LEARNING SKILLS

Learning Skills

I can say about me that I have learning skills because I'm a self-learner. Everything based on web development I've learned by myself on the internet. I believe in the power of example. If I have examples of how to do different things, I can make that things very easy.

SKILLS

Skills

Learned by myself:

- HTML (excellent)
- CSS (good)
- Javascript (beginner)
- Python (good)
- Photoshop (beginner)
- Django (just started)
